COLEFORD BRICK & TILE

PROPERTY ENHANCEMENT USING GENUINE HANDMADE PRODUCT

PERFECT MATCH TO WILLIAMSON CLIFF

The **Cotswold Buff** - a viable alternative to one of the most popular bricks in the Williamson Cliff range - the Stamfordstone Brown/Grey.

The **Cotswold Buff** exhibits all the subtle hues & textures of its illustrious predecessor and combines them with the unsurpassed strength & durability associated with the entire Coleford range. Available in standard metric, traditional imperial or bespoke non standard sizes in facing bricks, pavers and specials.

The **Cotswold Buff** is the perfect choice for new build or renovation projects alike, when the emphasis is on keeping the Williamson Cliff tradition alive.

Compressive Strength:	$\geq 49\text{N/mm}^2$
Water Absorption:	$\leq 3\%$ (24hr soak)
Durability:	F2
Liability to Efflorescence:	S2
