## RUSTIC CHARM

Looking for something a little more distressed? We think our rustic finish will provide you with the answer. The Rustic finish gives the brick a mature aged appearance, making the bricks sympathetic to new builds surrounded by older buildings or additions to existing weathered buildings. The 'Rustic' finish is available in all colours.

The 'Rustic' bricks have the same outstanding performance as the entire Coleford range. This coupled with our hand blending service means we could provide a perfect match for your new barn conversion!
