

octagonal yoredale

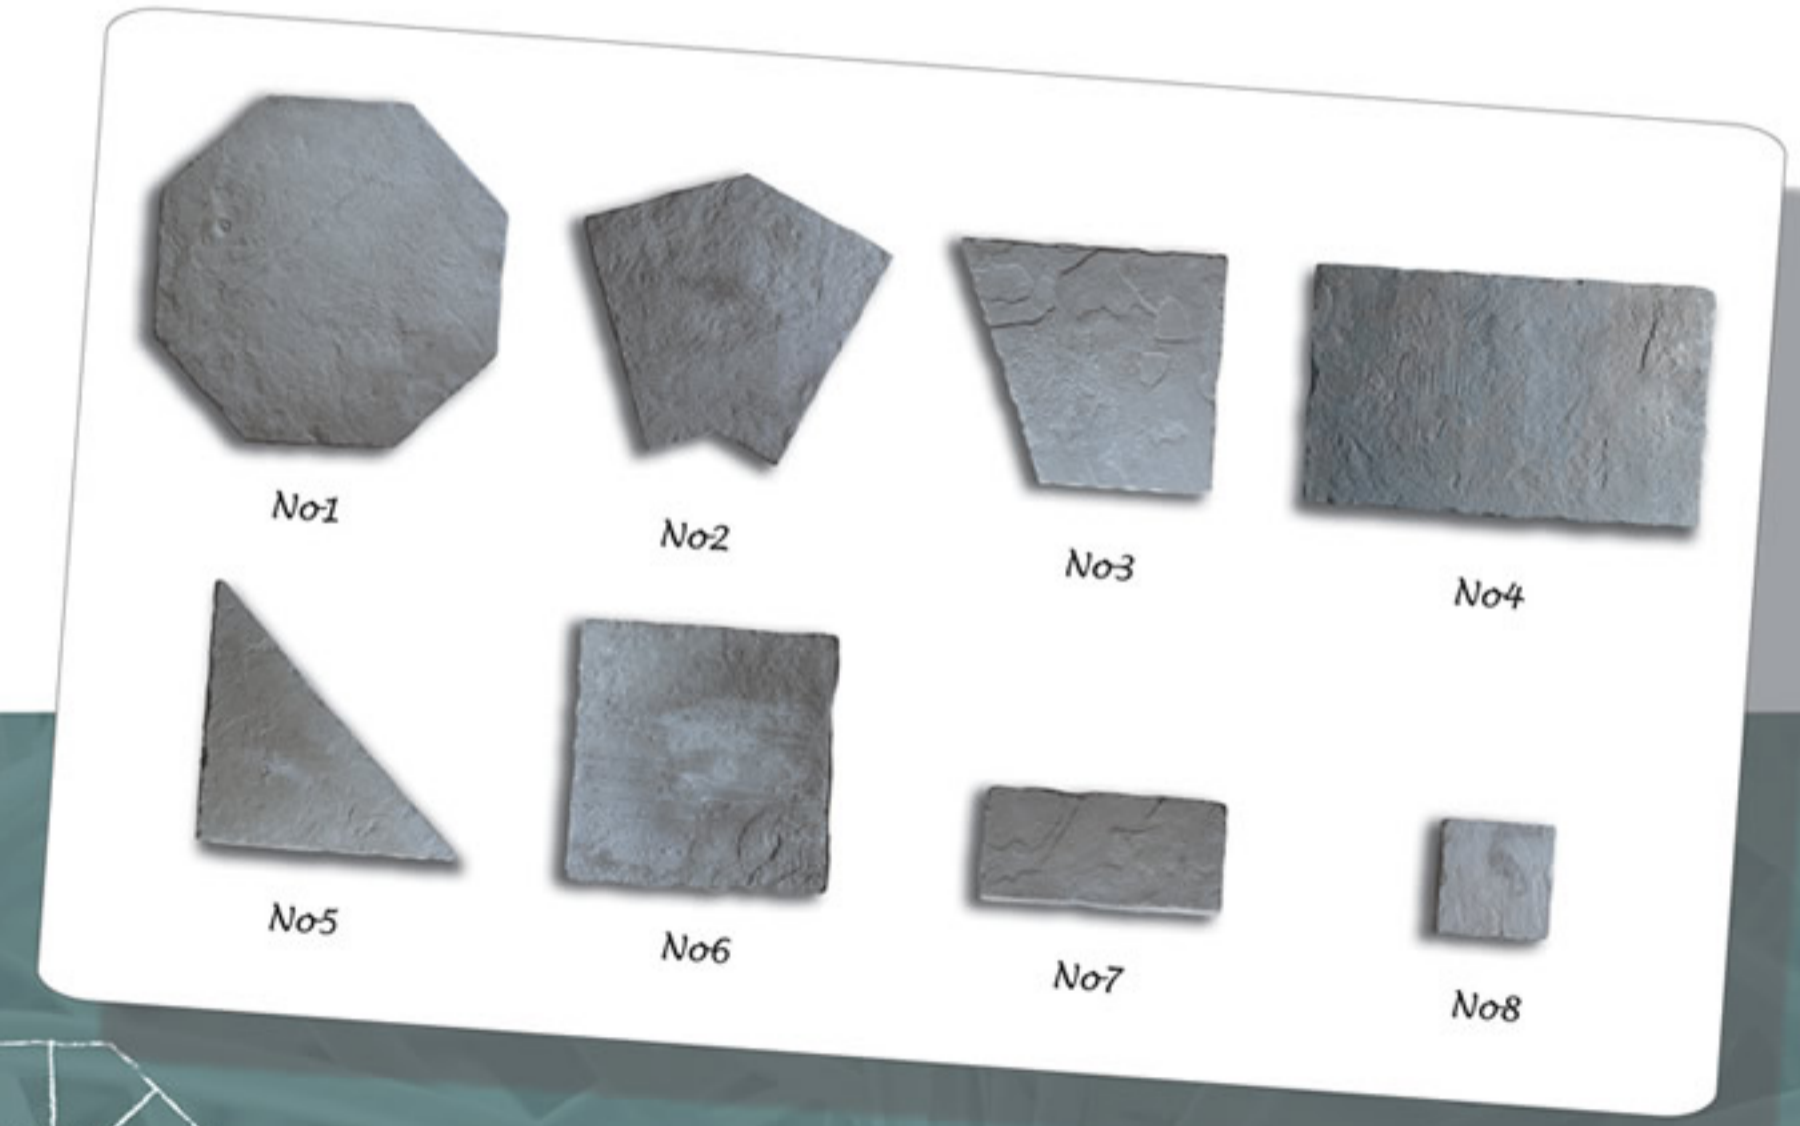

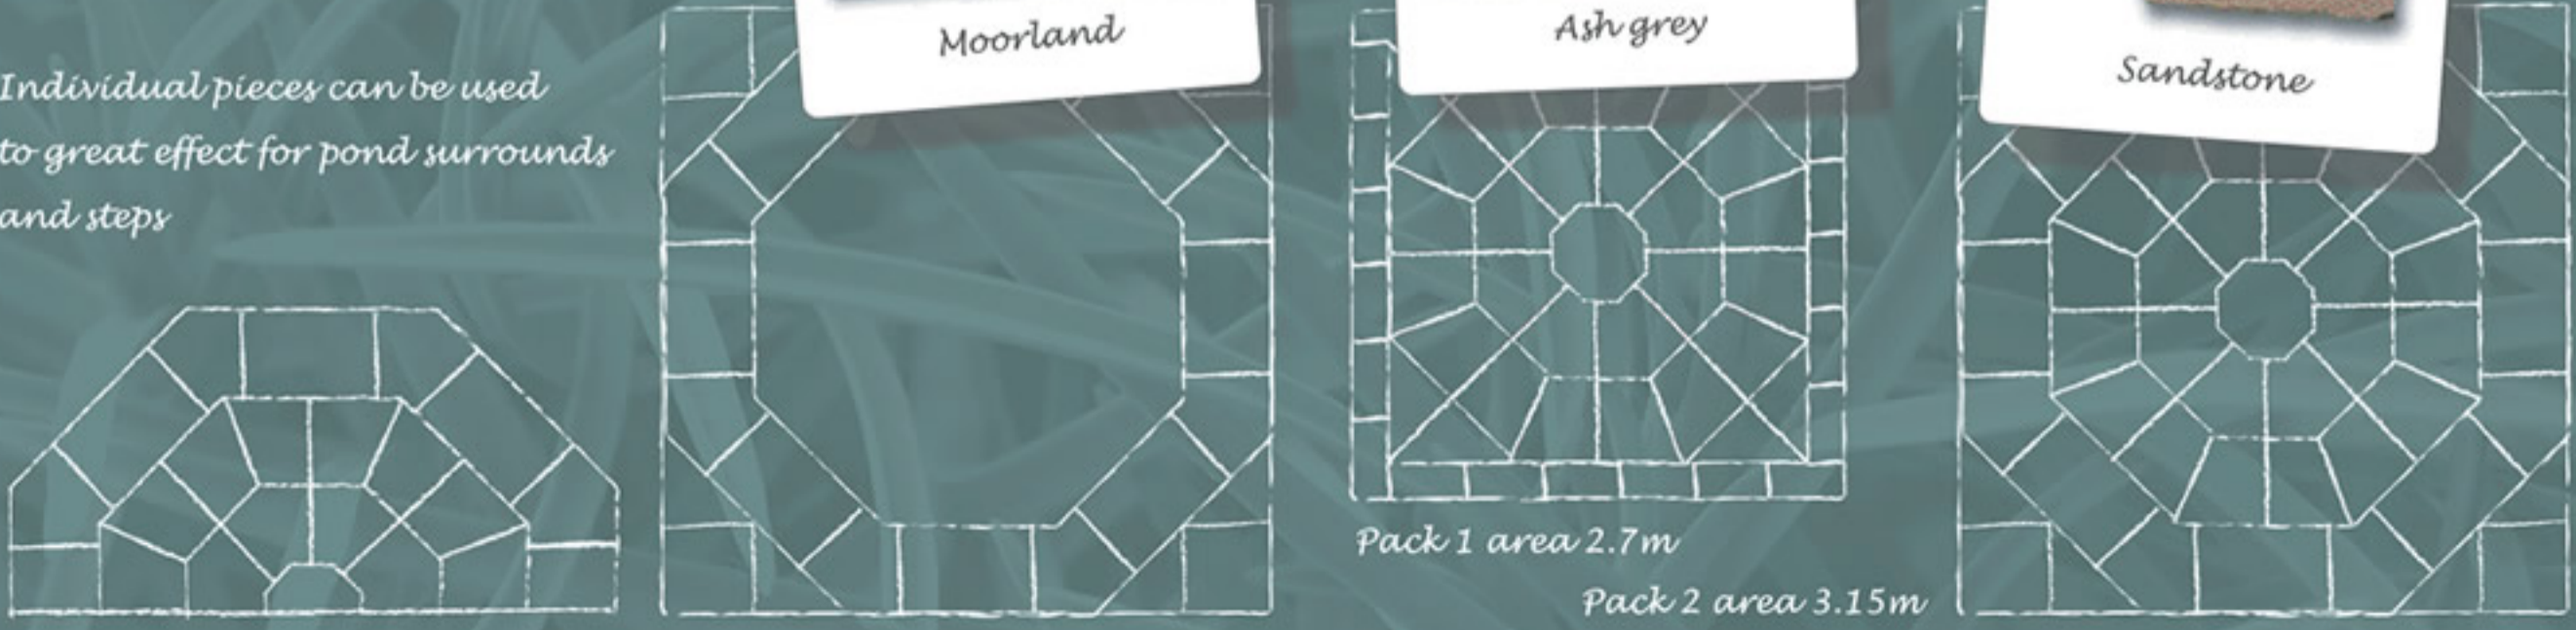

ideal for creating that special focal point in your garden

The octagonal paving system has been developed to be intergrated with the Yoredale range.

The basic octagonal range is of course infinetly expandable and also available in two ready made packs.
Ideal for that special focal point in your garden design.

Individual pieces can be used to great effect for pond surrounds and steps

Using pieces 4 & 6 it is possible to enlarge the octagonal making it possible to cover a greater area.
